

**Announcement of Class Test, Tuesday 10th Nov. at 3.30pm–4.50pm. Worth 25% of CA.**

**Topics.**

Chapters 2 to 8 inclusive except Chapter 6. Pay particular attention to topics covered in assignments 1 and 2.

Make sure you look at the accompanying software folder, which includes a question from the 2006 class test. There have been no class tests since that.

**Conditions.**

- Open Book. Any notes or books. Make sure you have your notes and that you know your way around them.
- You will *not* be allowed to exchange notes, books, or anything else with other students.
- You will have access to a laboratory computer; but web access will be barred. You will not be allowed to use your own computer (laptop). You will be able to access files on public folders.
- We will discuss this further in the lectures and laboratories between now and 10th Nov.
